

# KTM PEAK TRAIL.

## Introduction

KTM Peak Trail is an organized trail-running event designed to promote beginner-friendly weekend run-for-fun, a movement to grow trail running as a sport, outdoor adventure, and trail for a cause in Kathmandu and community engagement in the natural terrains surrounding the Kathmandu Valley.

## Objectives

- Encourage Trail Running Culture in Nepal
- Promote eco-tourism in the Kathmandu Valley
- Create a platform for local and international runners to connect
- Support environmental awareness, conservation and strengthen community

## The event focuses on:

- **As Training:** Providing race opportunities for runners of all age categories.
- **Trail Conservation:** Supporting the maintenance and eco-marking of trail routes to ensure long-term sustainability and minimal environmental impact.
- **Local Race Development:** Assisting grassroots organizers to host their own trail races across Nepal with safety, structure, and exposure.
- **Global Representation:** Helping elite Nepali trail runners participate in International events.

**By participating in KTM Peak Trail, you're not just racing, you're contributing to the growth of Nepal's trail running culture, building opportunities for the next generation, and helping preserve the natural trails we all love.**

## Weather

Weather in the Kathmandu Valley during January is typically cold, dry, and sunny, with clear skies providing good visibility. It is the coldest month of the year.

**Temperature:** Average high temperatures are around 15°C to 18°C and Average low temperatures can drop to a chilly 2°C to 4°C. **Precipitation:** January is part of the dry season, with very little rain or snow in the valley itself. While short-lived showers might occur. **Sunshine:** The days are often sunny and clear, with an average of 9 hours of sunshine per day, Skies are generally less cloudy.

## Course :

- **Start Line : Godawari** [Marble Dada Parking | Naudhara Temple]
- Head towards **Bamboo Trail**, a 700m ascend with lush Bamboo Forest and Godawari Forest, we reach highest point of the race at 2274m, and a short descend to the Junction of first checkpoint.
- ✓ **Check Point 1 / Water Point : Bamboo Trail Junction** 2230m [3.5km]
- Take left and head north toward Chapakharka Camping Spots, you will reach small settlement of **Chapakharka** at 5.6km, take left trail towards Shri Chapakharka Primary School [2098m].
- **Check Point 2 / Water Point / First Aid : Chapakharka School** [6.5km]
- From second checkpoint descend 2.5km towards National Botanical Garden, you will reach Godawari Siddheshwor Mahadev Temple and take left toward Godawari Bus Park. *[since this part is in the main road, please be Cautious of vehicles]*
- At 10km we reach Godawari Buspark, take left toward Phulchoki road and to finishing point.
- **Finish Line : Godawari** [Marble Dada Parking]

**10K | Ascent : 987m | Descent : 987m | Max Elevation : 2274m | Min Elevation : 1513m**

### Course Measurement :

Measurement is done with GPS with a barometric altimeter; data provided by GPS is 90-95% accurate with the barometric altimeter.

### Note :

Different GPS devices and software have different readings on GPS files and their respective distance and elevation profiles. GPS distance and elevation readings also depend on your GPS device's measurement settings and the pace you are moving while measuring the course.
